PRESS RELEASE

Wednesday, September 5, 2018

Re: CAC Building Envelope Foundation Scholarship Award

CAC Building Envelope Foundation is proud to announce 2018 fall semester Scholarship recipients, who are all seniors at the Illinois Institute of Technology (IIT), and are majoring in either Architectural Engineering or Civil Engineering:

- **Xavier John**
- **Esther Nazziwa**
- **Khadijah Nesbitt**
- **Joshua Wolf**

CAC-BEF has also invited the recipients to attend and be recognized at the Chicago Area Chapter of RCI, Inc. (CAC-RCI) Summer Meeting and Program on Friday morning, September 14th located at Arrowhead Golf Club, 26W151 Butterfield Road in Wheaton, IL 60189. The program will consist of breakfast buffet, table-top exhibits, and two hour-long technical presentations. The CAC-RCI technical sessions will include the following topics: "Adhered Masonry Veneer Walls – Design through Construction," and, "Quality Assurance Observation of Below Grade Waterproofing"

About the CAC Building Envelope Foundation:

CAC-BEF is a Not-For-Profit 501 (c) (3) Illinois Corporation established to assist in meeting the needs of the building envelope professions.

The Mission of the CAC Building Envelope Foundation is ***to create opportunities for the advancement of the building envelope professions***. The Foundation will accomplish its Mission by providing financial assistance to:

1. Individuals for developing or advancing their careers in the building envelope professions;
2. Groups to undertake or continue research that advances the building envelope sciences;
3. Organizations that develop or promote education in the building envelope sciences and practice.
